

**ST GERARD**  
**HOUSE**

**Grotto Therapeutic Center Behavior Technician**

***Ignite your passion and find your joy while working for an organization that cares about you.***

Do you have a positive attitude? Are you enthusiastic and fun to be around?

St. Gerard House provides a wide array of programs and support for families, caretakers, teachers, therapists and others who are integral parts of the life of an individual with autism. **We are hiring entry level Behavior Technicians.**

In our center based setting, the Behavior Technician will provide direct teaching and behavioral support to individuals with unique learning needs and will work 1:1 with a child with special needs under the close supervision and guidance of a Board Certified Behavior Analyst.

### **How will I make a difference in the life of an individual with autism?**

By . . .

- Keeping our clients safe and engaged
- Helping those with autism reach their full potential through Applied Behavior Analysis therapy
- Keeping the lesson plans fun and inviting
- Communicating and collaborating with the clinical team and parents
- Working in a team to help the clients gain skills and experiences in a heart centered environment

### **How will I know if my experience is a good fit?**

Do you . . .

- Have experience in a field of study related to human services (education, psychology, communication disorders, sociology, or other) and/or have experience working with children with disabilities. ABA experience is not required, but preferred.
- Are you punctual and reliable?
- Are you creative, animated, and can make learning fun while sticking to procedures.
- Have a Bachelor's Degree in Early Education, Psychology, or Associate's Degree in related field preferred.

### **What's in it for me?**

Come join our team and find your passion, we provide;

- Mission centered positive workplace
- Human interaction that changes lives
- Room for advancement and career ladders for growth
- Full time, 40 hours a week position
- Salary starts at \$15.00 and up depending on certification and experience
- Paid time off and holidays
- Health, dental, vision and life insurance.
- 403(b) Retirement plan
- Training paid for and provided to obtain the Registered Behavior Technician Certification.
- Ongoing supervision
- Employees working towards their BCBA can apply to be part of our BCBA supervision program
